

CLINICAL ONCOLOGY REFERRAL

Date: 31 May 2026

Referring Physician: Dr. Raziq

To: Oncology & Specialist Department

SUBJECT: ROUTINE/STANDARD REFERRAL FOR PATIENT BALIA ZUL

Dear Colleague,

I am formally referring my patient, Balia Zul, for specialist evaluation, further histopathological confirmation, and subsequent treatment management.

On 2026-05-31 18:34:45, a tissue biopsy sample (Scan ID: IMG_1780223685) was analyzed utilizing the CanViz AI Diagnostic System. The computational neural network flagged the morphology as abnormal, yielding the following results:

Primary AI Finding: Kidney Cancer

AI Confidence Score: 86.62%

Clinical Notes & Reason for Referral:

nah

Given the AI-assisted indications and the routine/standard priority of this case, I would greatly appreciate your expert consultation and intervention.

The patient's full AI Diagnostic Report, including Grad-CAM heatmaps and morphological overlays, has been attached to their electronic health record for your review.

Sincerely,

Dr. Raziq
