Referring Physician: Dr. Raziq

To: Oncology & Specialist Department

SUBJECT: CLINICAL REFERRAL TO HOSPITAL KUALA LUMPUR (HKL) FOR PATIENT BALIA ZUL

Dear Colleague at Hospital Kuala Lumpur (HKL),

I am formally referring my patient, Balia Zul, for specialist evaluation, further histopathological confirmation, and subsequent treatment management.

On 2026-06-06 12:38:04, a tissue biopsy sample (Scan ID: IMG_1780720684) was analyzed utilizing the CanViz AI Diagnostic System. The computational neural network flagged the morphology as abnormal, yielding the following results:

Primary AI Finding: Blood Cancer - Stage 2

AI Confidence Score: 92.11%

Clinical Notes & Reason for Referral:

Please come for treatment

Given the AI-assisted indications of this case, I would greatly appreciate your expert consultation and intervention at Hospital Kuala Lumpur (HKL).

The patient's full AI Diagnostic Report, including Grad-CAM heatmaps and morphological overlays, has been attached to their electronic health record for your review.

Sincerely,

Dr. Raziq
